Re: Nomination of Kevin Rosenquist for Employee Spotlight at October BOC Meeting

September 18, 2024

Chairman Akins,

I'd like to nominate Kevin Rosenquist as the employee of the month for October 2024. Kevin has only been employed by Habersham County for a little over a year, but he has already completed his Level I certification through the Georgia Association of Code Enforcement (GACE) and will start his Level II training next week. Level one training consisted of attending a total of 60 hours of GACE classroom instruction and testing. He has investigated numerous code compliance cases over the past year leading to a resolution and has become a welcomed and much needed asset to the Code Compliance Unit. Kevin is a professional and well received by his peers, he is well deserving of this recognition.

Lastly, October is National Code Compliance month and we are having our Code Compliance Meet and Greet next month as well. I feel that this all coincides perfectly with this recognition.

Thank you for your time and consideration,

Mike Beecham
Habersham County
Planning Director
