

**Office of County Commissioners**  
**RFP 2025-16 Trash Clean-Up Detail for County**  
**Roads and Rights-of Way**  
**Proposals Due February 28th, 2025**  
**No later than 10:00AM EST**

**Project Overview:** Habersham County is seeking proposals for a comprehensive trash cleanup program for the county’s roadways. The county consists of 416 miles of paved roads and 98 miles of gravel roads, totaling 514 miles of roadway requiring trash cleanup. The cleanup will be performed over 52 working weeks per year, with an average of 100 miles of roads cleaned per week. The program will prioritize cleaning of roads with a goal of cleaning heavier traffic volume roads twice per year, and less-traveled roads once per year.

**Pricing Proposal Breakdown**

Please provide pricing for trash cleanup services for paved and gravel roads, based on the following specifications:

- **Road cleaning information:**  
 Total miles of paved roads: 416 miles  
 Total miles of gravel roads: 98 miles

The County will provide the contracted bidder with a roads priority list on a bi-weekly basis.

**Proposed Cost per Mile**

Road Type	Cost per Mile (for 100 miles per week)	~Total Cost Per Year
Paved Roads	\$ _____	\$ _____

**4. Cost for Additional Services (if applicable)**

Please provide a breakdown of costs for any additional services. Additional (non-emergency) miles would be an increased need over the 100 mile/week average.

Service	Cost
Emergency Cleanup (per mile)	\$
Additional Miles (per mile)	\$

---

### 5. Timeline & Schedule

Please outline your proposed timeline for the following:

- Timeframe to begin services after contract approval:

---

### 6. Equipment and Workforce

Please provide details on the equipment and workforce you will be utilizing to complete this project:

- Number and type of vehicles and equipment:
  
- Estimated crew size and team composition:
  
- Safety measures in place during the cleanup process:
  
- **Vendor Signature:** \_\_\_\_\_  
**Date:** \_\_\_\_\_
